RS STONE CRUSHER
GUT NO 226,VILLAGE BURKULWADI
Tal- KINWAT,Dist- Nanded.

Sub: Grant of Amendment in Consent to 1st Operate

- Ref:**
1. Your application for grant of Consent to 1st Operate UAN No. Format1.0/RO/UAN No.0000298455/CO/2609001728 dated 22.09.2026
 2. AS per Board Circular dated 25.08.2025.

As per typographical mistake in Bank Guarantee amount .

Grant of Amendment in Consent to Operate under Section 26 of the Water (Prevention & Control of Pollution) Act, 1974 & under Section 21 of the Air (Prevention & Control of Pollution) Act, 1981 and Authorization under Rule 6 and Rule 18(7) of the Hazardous & Other Wastes (Management & Transboundary Movement) Rules 2016 is considered and the amendment in consent is hereby granted subject to the following terms and conditions and as detailed in the schedule I, II, III & IV annexed to this order:

1. Following Amendment in Existing Consent :

Sr. No.	As per Existing Consent	Amended
1	Imposed Bank Guarantee 500000/-	Bank Guarantee 50,000/-

2. The Board reserves the right to review, amend, suspend, revoke this consent and the same shall be binding on the industry.
3. This consent should not be construed as exemption from obtaining necessary NOC/ permission from any other Government authorities.
4. The industry shall comply with E-waste (Management) Rules, 2022 & amendments thereof.
5. The industry shall comply with New Battery Waste Management Rules, 2022 & amendments thereof.
6. Industry shall comply with the provisions of Plastic Waste Management Rules 2016 & amendments thereof.
7. The industry shall obtain prior permission from Board for any addition, moderation, expansion & change in production & alteration etc.
8. The industry shall obtain necessary permission from the Directorate of Industrial Safety and Health (DISH) in case of store/handle/Process the hazardous chemicals.

9. Industry shall comply with Board's Circular issued vide letter no. MPCB/JD(APC)/NCAP/DG set/B-0090 dated. 02.06.2022 regarding Retro-fitting of Emission Control Device (RECD) for in-use Diesel Operated internal combustion engines OR shifting to Gas Based Generator either by Retro-fitting of existing Generator OR partial uses of gas (a mixture of gas & diesel) in the State of Maharashtra.
10. In case of usage of ground water, the Project Proponent must obtain NOC from CGWA within one month from the date of issue of CTE/CTO/CCA, unless falling in exempted category as per MoJS Guidelines dated 24.09.2020 and amendments dated 29.03.2023 thereto.
11. The applicant shall make an application for renewal of consent 120 days prior to date of expiry of the consent. (Operate/Renewal)
12. The applicant shall comply with the conditions given Circular issued by MPCB dtd. 04.03.2020 & 10.01.2024 regarding Amendment in siting criteria for stone crusher units in the state of Maharashtra.
13. . i. SITTING CRITERIA: The following sitting criteria shall be considered for newly establishing of Stone Crusher units. 1. Minimum distance shall be required from the nearest National Highway: 1.0 Km. 2. Minimum distance shall be required from the nearest State Highway: 500 meters and of major District roads and other roads: 200 meters. 3. Minimum distance shall be required from human Habitation: 500 meters. 4. Sensitive areas such as Educational Institutions / Hospitals: 500 meters. 5. Place of historical monuments identifies by Archaeological Survey of India: 500 meters. 6. Stone crushers should comply with other locational statutory requirements in force as per law. 1974. 3. The project proponent shall provide adequate Air Pollution Control arrangement at the source. They shall comply with the provisions under the Air (Prevention and Control of Pollution) Act, 1991. 4. The remediation and restoration measure shall be taken by the project proponent in case of any environmental pollution in the surrounding area due to emission/ effluent in excess of the standards being emitted / discharged into the environment and violation of consent conditions and thereby causing environmental pollution.

14. Quantitative Standards for the SPM: Suspended particulate matter shall be measured 3 to 10 meters from any process equipment of a stone crushing unit shall not exceed 600 µg/M³. 2. The Applicant shall provide Specific Air Pollution control equipment's as per the conditions of EP Act, 1986 and rule made there under from time to time/ Environmental Clearance / CREP guidelines. 3. The Applicant shall obtain necessary prior permission for providing additional control equipment with necessary specifications and operation thereof or alteration or replacement/alteration well before its life come to an end or erection of new pollution control equipment. 4. The Board reserves its rights to vary all or any of the conditions in the consent, if due to any technological improvement or otherwise such variation (including the change of any control equipment, other in whole or in part is necessary). 5. A] Installation and Operations of Stone Crushing Unit: 1. Stone crusher unit shall install adequate pollution control measures including erection of G.I./M.S. sheet cover and sprinklers before commencement of crusher. 2. Crusher shall covered and water sprinkling system shall be provided on crusher to suppress dust generated due to material handling / loading / unloading activity. 3. Screen classifier shall be adequately covered by G.I./M.S. sheet to prevent the emission into the atmosphere due to screening / grading activity. 4. All conveyor belts shall be adequately covered by G.I./M.S. sheet only. 5. Regular wetting of roads shall be carried out to suppress the ground level dust within the premises to control the air borne dust emission due to wind velocity. 6. All approach roads and ramps shall be metaled. 7. Curtain or wall shall be provided surrounding the stone crusher. 8. Display Board shall be provided at the entrance of the stone crusher indicating survey no., name, & address of the owner and the unit. 9. Fine dust generated due to screening /crushing / grading shall be disposed o? scientifically. B] Air Pollution Control Measures: 1. Dust containment cum suppression system for the equipment i.e. main crusher / jaw crusher, vibrating screen etc. shall be provided to limit emissions as below. 2. Construction of wind breaking walls especially at charging hopper & crushing place shall be provided to limit emissions as below. 3. Construction of metaled roads within the premises shall be provided. Regular wetting of the ground within the premises shall be carried out. 4. Tree plantation along the periphery inside boundary of the stone crusher premises having minimum width 5 meters, on all sides shall be developed. 5. The foliage of the trees shall adequately cover area up to about 20 mtrs. height. 25. Stone crusher unit should be operated only during day time (i.e. 6.00 AM to 10.00 PM) to avoid inconvenience to the nearby residents due to ambient noise.

15. C] Miscellaneous: 1.Stone crusher unit shall strictly comply National Ambient Air Quality Standards, 2009. 2.The Project Proponent shall provide adequate water treatment and disposal facility from generated effluent from their activity. They shall comply with the provisions of Water (Prevention and Control of Pollution) Act, 1974.3.The project proponent shall provide adequate Air Pollution Control arrangement at the source. They shall comply with the provisions under the Air (Prevention and Control of Pollution) Act, 1981.4 The remediation and restoration measure shall be taken by the project proponent in case of any environmental pollution in the surrounding area due to emission / effluent in excess of the standards being emitted / discharged into the environment and violation of Consent conditions and thereby causing environmental pollution. in the surrounding area due to emission / effluent in excess of the standards being emitted / discharged into the environment and violation of Consent conditions and thereby causing environmental pollution. 7. Quantitative Standards for the SPM: Suspended particulate matter shall be measured 3 to 10 meters from any process equipment of a stone crushing unit shall not exceed 600 µg/M3. 2. The Applicant shall provide Specific Air Pollution control equipments as per the conditions of EP Act, 1986 and rule made there under from time to time/ Environmental Clearance / CREP guidelines. 3. The Applicant shall obtain necessary prior permission for providing additional control equipment with necessary specifications and operation thereof or alteration or replacement/alteration well before its life come to an end or erection of new pollution control equipment. 4. The Board reserves its rights to vary all or any of the condition in the consent, if due to any technological improvement or otherwise such variation (including the change of any control equipment, other in whole or in part is necessary)
16. Stone crusher unit should be operated only during day time (i.e. 6.00 AM to 10.00 PM) to avoid inconvenience to the nearby residents due to ambient noise. 21. The stone crusher unit to provide flexible telescopic chute from top of discharge point to the ground level . 22. The stone crusher unit to provide arrangement of rotating water sprinkling system/fogger/Anti-smog gun in the premises to suppress dust within the premises to control dust emission re suspension 23. The stone crusher unit to provide covering of vehicles carrying any kind of material . 24. The stone crusher unit to upload photographs/videos ensuring compliance of all conditions as mentioned in the guidelines while applying CTE/CTO/ Renewal.
17. The applicant shall strictly comply with the circular issued by the Board vide No. MPCB / JD(APC) / NACP / DG Set / B-0090 dtd. 02/06/2023 regarding Retrofitting of Emission Control Device (RECD) for in-use Diesel Operated Internal Combustion Engines / D.G. Sets.
18. The applicant shall upgrade existing air pollution control system within 30 days from the date of grant of consent.

This consent is issued on the basis of information/documents submitted by the Applicant/Project Proponent, if it has been observed that the information submitted by the Applicant/Project Proponent is false, misleading or fraudulent, the Board reserves its right to revoke the consent & further legal action will be initiated against the Applicant/Project Proponent.
