Minutes of 187th meeting of SEAC-1 (Day-3)
Date: 8thto 10th July, 2020

Venue: Through Video Conferencing

Proposal No. **SIA/MH/IND2/150972**	Type: **EC**

INTRODUCTION:

This has reference to your online application vide proposal No. 150972 submitted along with copies of documents seeking prior Environmental Clearance under the provisions of the EIA Notification, 2006. The proposed project activity is listed at Sr. No. 5(f) Synthetic Organic Chemicals. In view of Notification dated 27th March 2020 the present proposal is appraised under category B2.

PROJECT DETAILS:

The project of **M/s Glenmark Lifesciences Ltd., Plot No. A-80, MIDC Kurkumbh,Tal. Daund, District Pune.**

Details of earlier EC if any:

No

If yes,

Earlier EC No …… dated ….. PP to submit copy of certified compliance obtained from the Regional Office of MoEF&CC, Nagpur.

DELIBERATIONS IN SEAC:

After deliberations SEAC observed:-

After deliberations, SEAC-1 observed that, the total plot area of the proposed project is 7200 Sq.m. PP proposes to provide 9.2% (662 Sq.m) green belt inside the plot instead of mandatory 33% (2376 Sq.m.) and deficit green belt is proposed to be developed on MIDC land adjacent to their plot over an area of 2282 Sq.m. for which PP has obtained permission from the MIDC only for five years.

It is observed that, there is no space available for development of mandatory 33% green belt within the plot area, Hence SEAC-1 decided to recommend the proposal for rejection.

RECOMMENDATIONS OF SEAC:

The committee's recommendations:-

After detailed deliberations with the PP and their accredited consultant, SEAC-1 decided to recommend the proposal for rejection.

CONCLUSION:

Reject

Minutes of 187th meeting of SEAC-1 (Day-3)
Date: 8thto 10th July, 2020

Venue: Through Video Conferencing

Proposal No. **SIA/MH/IND2/154359**	Type: **EC**

INTRODUCTION:

This has reference to your online application vide proposal No. 154359 submitted along with copies of documents seeking prior Environmental Clearance under the provisions of the EIA Notification, 2006. The proposed project activity is listed at Sr. No. 5(f) Synthetic Organic Chemicals.

PROJECT DETAILS:

The project of **M/s SPR Chemopharma Pvt. Ltd. Plot No. A-34/1, MIDC Patalganga, Dist. Raigad.**

Details of earlier EC if any:

No

If yes,

Earlier EC No …… dated ….. PP to submit copy of certified compliance obtained from the Regional Office of MoEF&CC, Nagpur.

DELIBERATIONS IN SEAC:

After deliberations SEAC observed:-

PP submitted their application under category B2 as per Notification issued by MoEF&CC dated 27.03.2020 which stipulates as below,

" All proposals for projects or activities in respect of Active Pharmaceutical Ingredients (API's) received up to 30th September 2020 shall be appraised as category B2, provided that, any subsequent amendment or expansion or change in product mix after 30th September 2020 shall be considered as per the provisions in force at that time."

During deliberations it was observed that, the proposed products to be manufactured are not Active Pharmaceutical Ingredients (API's) but these are intermediate products used in the manufacturing of Active Pharmaceutical Ingredients (API's). Hence, the Notification dated 27th March 2020 as mentioned above is not applicable to the proposed activity and cannot be considered as category B2.

PP is advised to submit a fresh application as per applicability of the provisions stipulated in the Schedule attached to the EIA Notification, 2006 amended from time to time to the products they intend to manufacture.

After deliberations, PP requested to withdraw the application submitted under category B2.

RECOMMENDATIONS OF SEAC:

The committee's recommendations:-

In view of above, SEAC-1 decided to recommend the proposal for rejection.

CONCLUSION:

Reject

Minutes of 187th meeting of SEAC-1 (Day-3)
Date: 8thto 10th July, 2020

Proposal No. **SIA/MH/IND2/157587**	Type: **EC**

INTRODUCTION:

This has reference to your online application vide proposal No. 157587 submitted along with copies of documents seeking prior Environmental Clearance under the provisions of the EIA Notification, 2006. The proposed project activity is listed at Sr. No. 5(f) Synthetic Organic Chemicals. In view of Notification dated 27th March 2020 the present proposal is appraised under category B2.

PROJECT DETAILS:

The project of **M/s Taaj Healthcare Private Limited Plot No. B-20 MIDC Lote Parshuram, District Ratnagiri.**

Details of earlier EC if any:

No

If yes,

Earlier EC No …… dated ….. PP to submit copy of certified compliance obtained from the Regional Office of MoEF&CC, Nagpur.

DELIBERATIONS IN SEAC:

After deliberations SEAC observed:-

The total plot area of the proposed project is 4603Sq.m. PP agreed to develop 33.34 % green belt within the premises over an area of 1534.96 Sq.m. by planting 225 nos. of indigenous trees.

The estimated project cost is Rs. 5.00 Cr. Total capital cost earmarked towards EMP is Rs. 170.00 Lakhs. & the Recurring cost (operation & maintenance) will be about Rs. 85.00 Lakhs per annum.

The CER amount of the project will be Rs. 10.00 Lakhs. (2% of total project cost)

Total employment will be 40 persons as direct & indirect employees after proposed project.

Total water requirement is 266.76 m^3/day of which fresh water requirement will be 89.76 m3/day which will be met from MIDC.

The total effluent generation will be 79.21 m^3/day and domestic sewage generation will be 1.5 m3/day. The effluent is divided in two categories like Low COD/TDS and High COD/TDS effluent. The Low COD/TDS effluent 55.50 m3/day and domestic sewage of 1.5 m3/day will be treated in the in-house effluent treatment plant after meeting the prescribed standards the treated effluent will be discharged to the CETP for which PP has obtained permission from the Competent Authority.

The High COD/TDS effluent will be 22.21 m3/day which will be treated in the Single Effect Evaporator and the condensate will be reused in the process/utility. The powder generated in the evaporator will be disposed of as hazardous waste.

Power requirement of the project will be 1000 kVA which will be met from MSEDCL. PP propose one DG set with capacity 500 kVA which will be used as stand by arrangement.

Industry proposes to provide two boilers of capacity 3 TPH each and one thermo pack with capacity 4 LacKcal/Hr. The fuel will be briquette/natural gas.

PP proposes to sale reusable hazardous waste to the Authorized vendor and disposal at CHWTSDF site.

PP proposes to manufacture following products.

SR.NO	NAME OF PRODUCT	QUANTIY (MT/M)
1	Chlorthalidone	2.50
2	ClopidogrelBisulphate	10.00
3	Cetirizine Dihydrochloride	10.00
4	Itopride Hydrochloride	5.00
5	Rabeprazole Sodium	15.00
6	Lansoprazole	7.50
7	Amoxicillin Trihydrate	7.50
8	Dex Chlorpheniramine Maleate	2.50
9	IsoSorbide di Nitrate	5.00
10	IsoSorbide 5- mono Nitrate	5.00
11	Ketoconazole	2.50
12	Probenecid	2.50
13	Salbutamol Sulphate	2.50
14	Timolol Maleate	7.50
15	Zopiclone	2.50
16	Itopride Hydrochloride	7.50
17	Hydroxyzine Hydrochloride	10.00
18	Clotrimazole	20.00
19	Buclizine Hydrochloride	10.00
20	Riboflavin 5- Phosphate Sodium	5.00
21	Metformin HCL	50.00
22	Sucraltate	30.00
23	Permethrin	20.00
24	Para Chloro Meta Xylenol (PCMX)	30.00
25	Glycine	30.00
26	Tranexamine Acid	10.00
27	Diclofene Diethyl Amine	5.00

SR.NO	NAME OF PRODUCT	QUANTIY (MT/M)
28	Cyclizine Hydrochloride	5.00
29	Cyclizine Base	5.00
30	Silver Sulfadiazine	5.00
	TOTAL	**330.00**

RECOMMENDATIONS OF SEAC:

The committee's recommendations:-

After detailed deliberations with the PP and their accredited consultant, SEAC-1 decided to recommend the proposal for prior Environmental Clearance to the SEIAA subject to the following conditions.

CONCLUSION:

Recommended

Conditions:

Sr. No.	Condition
1	PP to prepare detailed management plan and implement the Guidelines for restoration of manufacturing industries after lockdown period issued by Ministry of Home Affairs, National Disaster Management Authority on 09.05.2020.
2	PP to provide Continuous Environmental Monitoring System and connect the same to the CPCB and MPCB server.
3	PP to carry out HAZOP & Risk Assessment study of all the products to be manufactured on site and implement all recommendations.
4	PP to prepare and implement construction management plan including demolition plan if any w.r.t to the construction worker management in the pandemic situation, provision of safe shelter, cooking arrangement, sanitation, drinking water, transport, provision of PPE etc. PP to obtain requisite permission from the Competent Authority before starting construction activity on site.
5	PP to prepare safety related training modules in Marathi / vernacular language based on hazard identification so as to increase its effectiveness and impart training to all concern employees.
6	PP to prepare compatibility chart and ensure storage of all raw material and finished products as per their compatibility.
7	PP to obtain PESO license/approval for the storage of flammable chemicals from the Competent Authority.
8	PP to prepare and implement CER plan in consultation with the District Authority for development of social and environmental infrastructure as per OM issued by MoEF&CC dated 01.05.2018.

Minutes of 187th meeting of SEAC-1 (Day-3)
Date: 8thto 10th July, 2020

Venue: Through Video Conferencing

Proposal No. **SIA/MH/IND2/156686**	Type: **EC**

INTRODUCTION:

This has reference to your online application vide proposal No. 156686 submitted along with copies of documents seeking the Environmental Clearance under the provisions of the EIA Notification, 2006. The proposed project activity is listed at Sr. No. 5(f) Synthetic Organic Chemicals. In view of Notification dated 27th March 2020 the present proposal is appraised under category B2.

PROJECT DETAILS:

The project of **M/s Aarti Industries Ltd. Plot No. D-53, MIDC Dombivali Phase – II, Thane.**

Details of earlier EC if any:

No

If yes,

Earlier EC No.. …….. dated ……..; PP to submit copy of certified compliance obtained from the Regional Office of MoEF&CC, Nagpur.

DELIBERATIONS IN SEAC:

After deliberations SEAC observed:-

PP submitted application for prior Environmental Clearance under category B2 as per Notification issued by MoEF&CC dated 27th March 2020.

During deliberation following issues were observed,

1. PP proposes to manufacture four numbers of intermediates along with Active Pharmaceutical Ingredients. The EIA Notification dated 27th March 2020 is applicable only for manufacturing of Active Pharmaceutical Ingredients.
2. The prosed project is located in the Severely Polluted area identified by the Central Pollution Control Board. The total plot area of proposed project is 1000 Sq.m. PP propose to provide only 10% (100 Sq.m) green belt within the premise against mandatory 40 % (400 Sq.m).
3. PP has not provided on site Effluent Treatment Plant and proposes to send their effluent to the effluent treatment plant of their sister concern industry.

The SEAC-1 is of the view that, the plot area is not adequate for proposed expansion activities. Hence, decided to recommend the proposal for rejection.

RECOMMENDATIONS OF SEAC:

The committee's recommendations:-

In view of above, SEAC-1 decided to recommend the proposal for rejection.

CONCLUSION:

Reject

Date: 8thto 10th July, 2020

Venue: Through Video Conferencing

Proposal No. **SIA/MH/IND2/157167**	Type: **EC**

INTRODUCTION:

This has reference to your online application vide proposal No. 157167 submitted along with copies of documents seeking prior Environmental Clearance under the provisions of the EIA Notification, 2006. The proposed project activity is listed at Sr. No. 5(f) Synthetic Organic Chemicals. In view of Notification dated 27th March 2020 the present proposal is appraised under category B2.

PROJECT DETAILS:

The project of **M/s Loroly Healthcare Pvt. Ltd. Plot No. D-19/1 Additional Ambarnath MIDC, Ambarnath.**

Details of earlier EC if any:

No

If yes,

Earlier EC No …… dated ….. PP to submit copy of certified compliance obtained from the Regional Office of MoEF&CC, Nagpur.

DELIBERATIONS IN SEAC:

After deliberations SEAC observed:-

The total plot area of the proposed project is 4800 Sq.m. PP agreed to develop 34.30 % green belt within the premises over an area of 1647.41 Sq.m. by planting 240 nos. of indigenous trees.

The estimated project cost is Rs. 24.50 Cr. Total capital cost earmarked towards EMP is Rs. 107.00 Lakhs. & the Recurring cost (operation & maintenance) will be about Rs. 37.00 Lakhs per annum.

The CER amount of the project will be Rs. 49.00 Lakhs. (2% of total project cost)

Total employment generation will be 75 persons as direct & indirect employees.

Total water requirement is 75 m^3/day which will be met from MIDC.

The total effluent generation will be 40 m^3/day. The effluent is divided in two categories like Low COD/TDS and High COD/TDS effluent. The Low COD/TDS effluent 35.00 m3/day and domestic sewage 3 m3/day will be treated in the in-house effluent treatment plant after meeting the prescribed standards the treated effluent will be discharged to the CETP for which PP has obtained permission from the Competent Authority.

The High COD/TDS effluent will be 5 m3/day which will be treated in the Single Effect Evaporator and the condensate will be reused in the process/utility. The powder generated in the evaporator will be disposed of as hazardous waste.

Power requirement of the project will be 400 kVA which will be met from MSEDCL. PP proposes two DG sets with capacity 200 kVA which will be used as stand by arrangement.

Industry proposes to provide one boiler of capacity 800 Kg/Hr and two numbers of thermic fluid heater with capacity 10 Lac Kcal/Hr each.

PP proposes to sale reusable hazardous waste to the Authorized vendor and disposal at CHWTSDF site.

PP proposes to manufacture following products.

Sr. No	Product	Production capacity (kg/day)
A	**APIs in Dermatology**	
1	Ketoconazole	100
2	Fluconazole	100
3	Itraconazole	50
B	**APIs in Ophthalmology**	
4	Nepafenac	2
5	Bromfenac	2
6	Alcaftadine	1
C	**APIs in Cardiology &Diabetology**	
7	Glimepiride	100
8	Glipizide	100
9	Indapamide	100
10	Atorvastatin	100
D	**APIs in Urology**	
11	Febuxostat	125
E	**Antibiotics and Antivirals**	
12	Aciclovir	15
13	Adapalene	15
14	Besifloxacin	15
15	Lymecycline	15
16	Moxifloxacin	15
17	Nitazoxanide	15
18	Valaciclovir	10
F	**APIs in Pulmonology**	
19	Bromhexine	50
20	Chlorpheniramine	50
21	Salbutamol Sulphate	50
22	Levo-Salbutamol	50

Sr. No	Product	Production capacity (kg/day)
23	Montelukast Sodium	50
G	**Analgesics and Anti-inflammatory**	
24	Dexketoprofen	70
25	Tramadol HCl	60
26	Dapoxetine	60
27	Dronedarone Hydrochloride	60
H	**Anthelmintic**	
28	Albendazole	100
29	Febendazole	100
30	Oxfebendazole	100
31	Triclabendazole	100
32	Tinidazole	100
I	**Antimalerial& Covid-19**	
33	Chloroquine Phosphate	200
34	Hydroxychloroquine	200
	Total production	**2280**

RECOMMENDATIONS OF SEAC:

The committee's recommendations:-

After detailed deliberations with the PP and their accredited consultant, SEAC-1 decided to recommend the proposal for prior Environmental Clearance to the SEIAA subject to the following conditions.

CONCLUSION:

Recommended
